

50 Data Websites

• Famous Data Websites:

- 1- **Kaggle** (<https://www.kaggle.com/>):
 - A wide range of datasets for machine learning, from government data to business and health.
- 2- **Google Dataset Search** (<https://datasetsearch.research.google.com/>):
 - A search engine to find datasets across various domains like education, government, and science.
- 3- **AWS Open Data** (<https://registry.opendata.aws/>):
 - Open datasets hosted on AWS, ranging from environmental data to genomics and economics.
- 4- **UCI Machine Learning Repository** (<https://archive.ics.uci.edu/>):
 - A collection of datasets for machine learning and data mining, used extensively in research.
- 5- **Datahub** (<https://datahubproject.io/>):
 - A platform for finding, sharing, and publishing data in various domains.
- 6- **OpenML** (<https://www.openml.org/>):
 - A platform for sharing datasets, machine learning tasks, and results.
- 7- **World Data** (<https://data.world/>):
 - A collaborative platform for discovering, storing, and sharing datasets across various fields.
- 8- **FiveThirtyEight** (<https://projects.fivethirtyeight.com/polls/>):
 - A data journalism website providing datasets on political polling, economics, and sports.
- 9- **KDNuggets** (<https://www.kdnuggets.com/datasets/index.html>):
 - A collection of datasets and resources for data science, machine learning, and AI research.
- 10- **Data Is Plural** (<https://www.data-is-plural.com/>):
 - A newsletter that curates interesting and diverse datasets across various domains.
- 11- **Data Science Central LLC** (<https://www.datasciencecentral.com/>):
 - A platform for data science and machine learning practitioners to share and explore datasets.
- 12- **Awesome Public Datasets on GitHub** (<https://github.com/awesomedata/awesome-public-datasets?tab=readme-ov-file>):
 - A curated list of open datasets from various fields, available on GitHub for public use and analysis.

13- **Google Public Data Directory** (<https://www.google.com/publicdata/directory>):

- A collection of public datasets from various sectors, including economics, environment, and health.

• Computer Vision Websites :

14- **Roboflow Datasets** (<https://public.roboflow.com/>):

- Public datasets for computer vision tasks, such as object detection and classification.

15- **Open Images Dataset V7** (<https://storage.googleapis.com/openimages/web/index.html>):

- A large-scale image dataset for machine learning, specifically designed for object detection and image classification tasks.

16- **Kaggle Computer Vision** (<https://www.kaggle.com/datasets?sort=votes&tags=13207-Computer+Vision>):

- A collection of popular computer vision datasets for tasks like image classification, object detection, and segmentation.

17- **Papers with Code - Computer Vision** (<https://paperswithcode.com/area/computer-vision>):

- A platform linking state-of-the-art research papers with their corresponding code and datasets in computer vision.

18- **10 Best Open Source Datasets for Computer Vision :**

- A curated list of top open-source datasets for computer vision tasks in 2024.

19- **DagsHub Computer Vision** (<https://dagshub.com/datasets/computer-vision/>):

- A collection of open-source datasets for computer vision tasks, with tools to manage and explore them collaboratively.

20- **VisualData.io** (<https://visualdata.io/discovery>):

- A discovery platform for datasets related to visual computing, primarily for computer vision tasks.

21- **YouTube-8M** (<https://research.google.com/youtube8m/>):

- A large-scale labeled video dataset for research in video classification and machine learning.

• Environment and Climate Websites:

22- **NASA Earth Data** (<https://www.earthdata.nasa.gov/>):

- Earth observation data related to weather, climate, and environmental monitoring.

• Business and Industry Websites :

- 23- **Dataverse** (<https://www.microsoft.com/ar/power-platform/dataverse>):
 - A cloud-based platform to manage and share business data for app development.
- 24- **Google Trends** (<https://trends.google.com/trends/>):
 - Provides insights into the popularity of search queries over time across different regions and languages.
- 25- **Inside-BigData** (<https://insideainews.com/>):
 - A website focused on big data and AI news, including access to datasets and resources.
- 26- **Yelp Dataset** (<https://www.yelp.com/dataset>):
 - A dataset of business reviews, check-ins, and user data for research and analysis.
- 27- **NYC TLC Trip Record Data** (<https://www.nyc.gov/site/tlc/about/tlc-trip-record-data.page>):
 - Taxi and ride-hailing trip records from the New York City Taxi & Limousine Commission.
- 28- **BFI Industry Data & Insights** (<https://www.bfi.org.uk/industry-data-insights>):
 - UK film industry statistics and insights, provided by the British Film Institute.
- 29- **Inside Airbnb** (<https://insideairbnb.com/get-the-data/>):
 - Airbnb listings data for cities worldwide, providing insights on the short-term rental market.
- 30- **IMDb Datasets** (<https://datasets.imdbws.com/>):
 - IMDb's data for movies, TV shows, and actors, available for research and analysis.

• Finance and Economics Websites:

- 31- **Quandl** (<https://data.nasdaq.com/publishers/QDL>):
 - Provides financial, economic, and alternative data for analysis and research.
- 32- **World Bank Open Data** (<https://data.worldbank.org/>):
 - Global development data including economic indicators, poverty levels, and more.
- 33- **KAPSARC Data Portal** (<https://datasource.kapsarc.org/pages/home/>):
 - Datasets focusing on energy and economics in Saudi Arabia and globally.
- 34- **IMF Data** (<https://www.imf.org/en/Data>):
 - Global economic data from the International Monetary Fund, including statistics on trade, GDP, and inflation.

• Government and Public Data Websites:

35- **CKAN** (<https://ckan.org/>):

- An open-source platform for managing public datasets, often used by government agencies.

36- **IPUMS** (<https://www.ipums.org/>):

- U.S. and international demographic data, including census and survey data.

37- **Data.gov** (<https://data.gov/>):

- U.S. government's open data portal, providing datasets on a wide range of public sectors like health, education, and environment.

38- **EU Open Data Portal** (<https://data.europa.eu/en>):

- The European Union's portal for accessing open datasets on a variety of topics like economics, environment, and social issues.

39- **FBI Crime Data Explorer** (<https://cde.ucr.cjis.gov/LATEST/webapp/#/pages/home>):

- Crime statistics and reports from the FBI, including data on violent crime, property crime, and arrests.

40- **CAPMAS** (<https://www.capmas.gov.eg/>):

- Egypt's official statistical agency providing demographic, economic, and social data.

41- **U.S. Census Bureau Data** (<https://www.census.gov/data.html>):

- U.S. census data on population, housing, economic, and geographic topics.

42- **Data.gov.uk** (<https://www.data.gov.uk/>):

- Open data from the UK government on various topics like education, health, and the environment.

43- **Data.gov.sa** (<https://data.gov.sa/ar>):

- Saudi Arabia's official portal for open government data on topics like economy, health, and education.

44- **Humanitarian Data Exchange** (<https://data.humdata.org/dataset>):

- Datasets related to global humanitarian crises, managed by the UN's OCHA.

45- **Data.gov.in** (<https://www.data.gov.in/>):

- India's open data portal, providing datasets across sectors like agriculture, health, and finance.

• Health and Medicine Websites:

- 46- **CDC WONDER** (<https://wonder.cdc.gov/>):
 - Health-related data, including statistics on public health issues, managed by the CDC.
- 47- **UNICEF Data** (<https://data.unicef.org/>):
 - Global datasets focusing on children's health, education, and overall well-being.
- 48- **Global Health Observatory Data Repository** (<https://www.who.int/data/gho>):
 - The World Health Organization's global health data repository, covering statistics on various health indicators.
- 49- **HealthData.gov** (<https://healthdata.gov/browse>):
 - U.S. health-related datasets covering various public health issues.

• Education and Research Websites:

- 50- **ICPSR** (<https://www.icpsr.umich.edu/web/pages/>):
 - Social science data for research and teaching, covering a range of societal topics.
- 51- **Harvard Dataverse** (<https://dataverse.harvard.edu/>):
 - A repository for academic and research data across disciplines.
- 52- **Academic Torrents** (<https://academictorrents.com/>):
 - A platform for sharing academic datasets, covering topics like machine learning, biology, and physics.

• Science and Technology Websites:

- 53- **SDSS Data Archive** (<https://cas.sdss.org/dr18/>):
 - Astronomical data from the Sloan Digital Sky Survey, including images and spectra.
- 54- **CERN Open Data Portal** (<https://opendata.cern.ch/>):
 - High-energy physics data from CERN experiments like the Large Hadron Collider, available for educational and research purposes.
- 55- **IEEE DataPort** (<https://ieee-dataport.org/datasets>):
 - A wide range of datasets related to technology and engineering, shared by IEEE members.
- 56- **KEEL Dataset Repository** (<https://sci2s.ugr.es/keel/datasets.php>):
 - A collection of datasets for machine learning and data mining, specifically for algorithms and benchmarking.
